

$$|C_k P| = L_k \sqrt{0.1}, \quad \mathfrak{P}(L_k) = F_k^2$$

## The Pentametric Palindrome

- |            |            |            |
|------------|------------|------------|
| silence    | octave 2:1 | fourth 4:3 |
| unison 1:1 | fifth 3:2  |            |
